From the Chef Bunny & Crafty Fox:

Greetings from beautiful Rabbit Valley, Las Vegas, Nevada!

Another year, another mailing address. The day job moved for a Bunny, and we packed up the entire store and moved out west. Talk about a lot of lugging! The Fox, being an expert in the art of Tetris, managed to put our entire store plus our entire house into the back of a single 24-foot U-Haul truck. That's about the time when we realized that we were about 20,000 lbs over weight on the capacity of our truck and had to split up the load. Whuff... We are talking about 12,000 lbs of books alone. That's a lot of furry stuff. One 24-foot U-Haul, one 12x9 trailer, one 17-foot U-Haul, one car carrier, and two cars en route to Las Vegas, NV.

After driving through what could be described as some of the most beautiful scenery in the world, down some of the scariest mountain passes I've ever driven in a truck with a transmission that does not understand the concept of "low gear," and through some stunningly beautiful canyons, we're here at our new location in beautiful Sin City itself. Many special thanks to our friend, Driver X, for being the wheel man for the third vehicle.

I'd also like to thank all of you customers out there who helped us with the Buy It By the Pound and Box promotions. You not only have helped us move and pay for the outrageously priced gas (especially when your truck gets six miles to the gallon for 2,700 miles) but also made sure we weren't lugging 15,000 lbs of books and stuff across the country. Hopefully there's a lot of happy furries out there enjoying a whole pile of new books, shirts, toys, and other fun stuff. The promotion is still running right now to help pay off the rest of the American Express Bill of Doom for gas, food, and hotels. We never have asked for a donation here at Rabbit Valley because you should get something for your hard earned cash. The best we can do is give you some of the best furry stuff out there.

So far, Las Vegas has been absolutely wonderful. It is damned beautiful out here. I think I'll call up Chris McKinley and ask if he wants to start a real Coyote River Ranch.... Any excuse to import all the Furries out there to Las Vegas for a real sinful time is a good excuse.

Speaking of sin, can you believe we're over twenty issues of Spooo Presents? Talk about a success! I never thought we would be doing so many issues of the series so quickly. Werepuppy and Trejaan knock it out of the park once more with Rocketship Rodents, and I hear a rumor that there is an entire issue devoted just to Professor Chronofur coming soon. Looks like Mark Wulfgar is wrapping up the story arc of his current two titles, so we'll be sure to see something completely new and sexy coming from him soon too. Mmmm, big beefy leather guys... makes a bunny all tingly inside. Runtt and El Dimian are back with another beautiful Life in the Co-Op book, keeping with our theory of more bunnies per comic than any other series published by Rabbit Valley so far, or something. (I think I shall have to have a talk with Wulfgar and make sure he adds some bunnies to his comics too....) And let's not forget the amazing Full Color Special! I'd rave about that one too, but I think you'll be doing the cheering as soon as you pick it up. So friends, furries, fluffs, raise a glass to the next 20 issues of Spooo Presents! Viva, Las Vegas.

Rocketship Rodents: "Mousetrap!"

Part Five

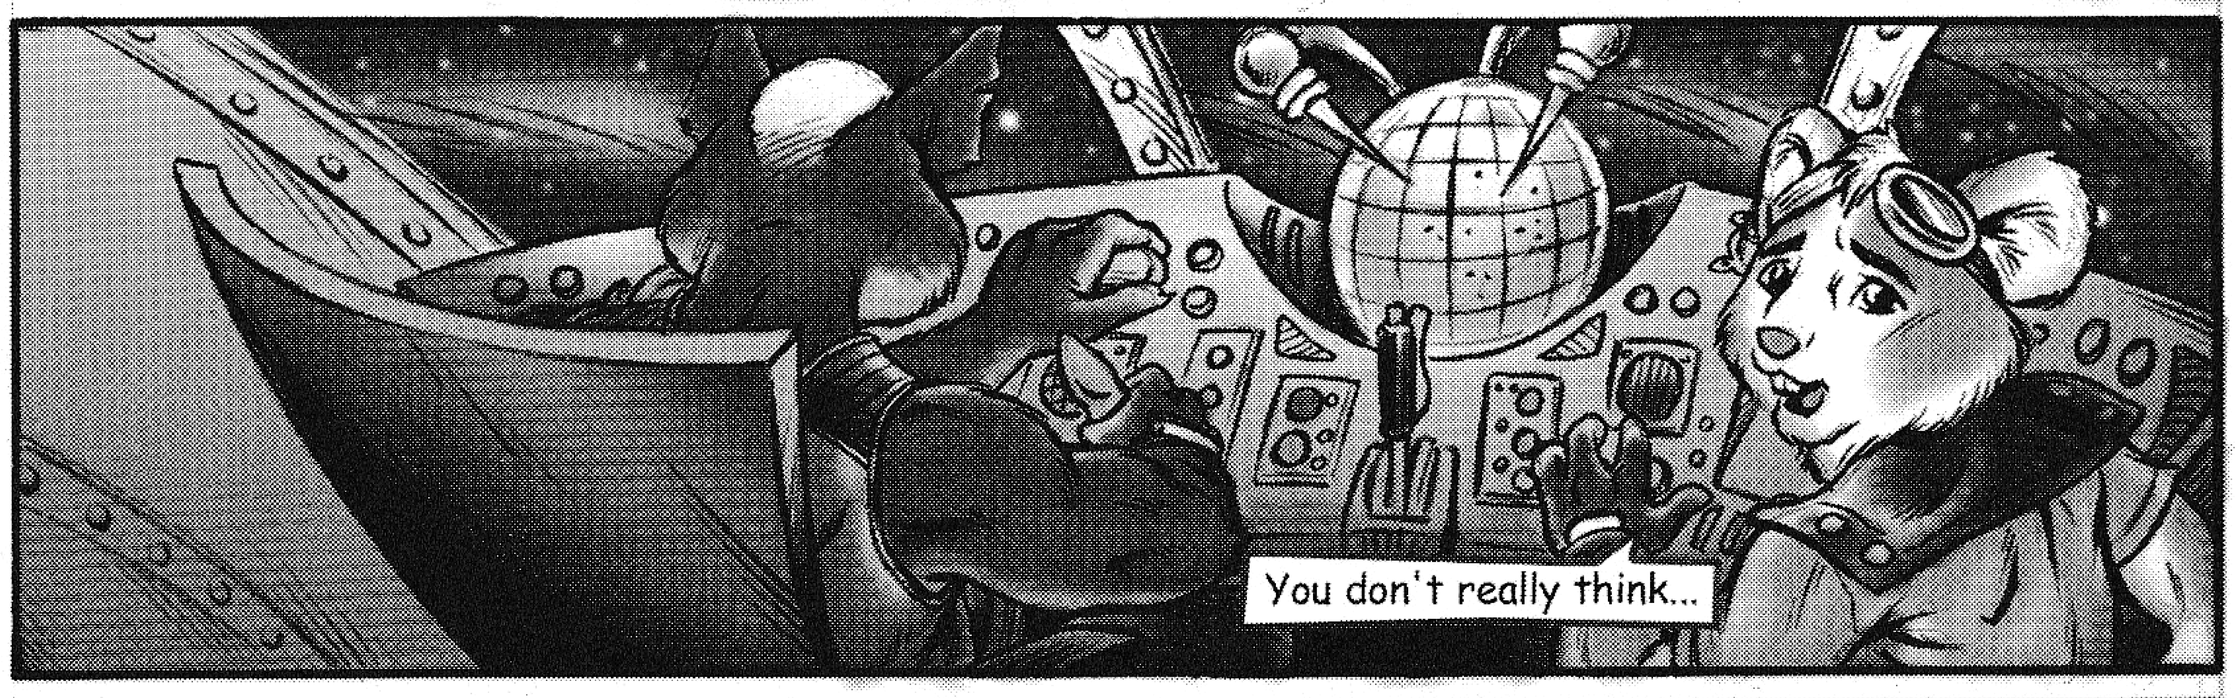

Story by Trejaan

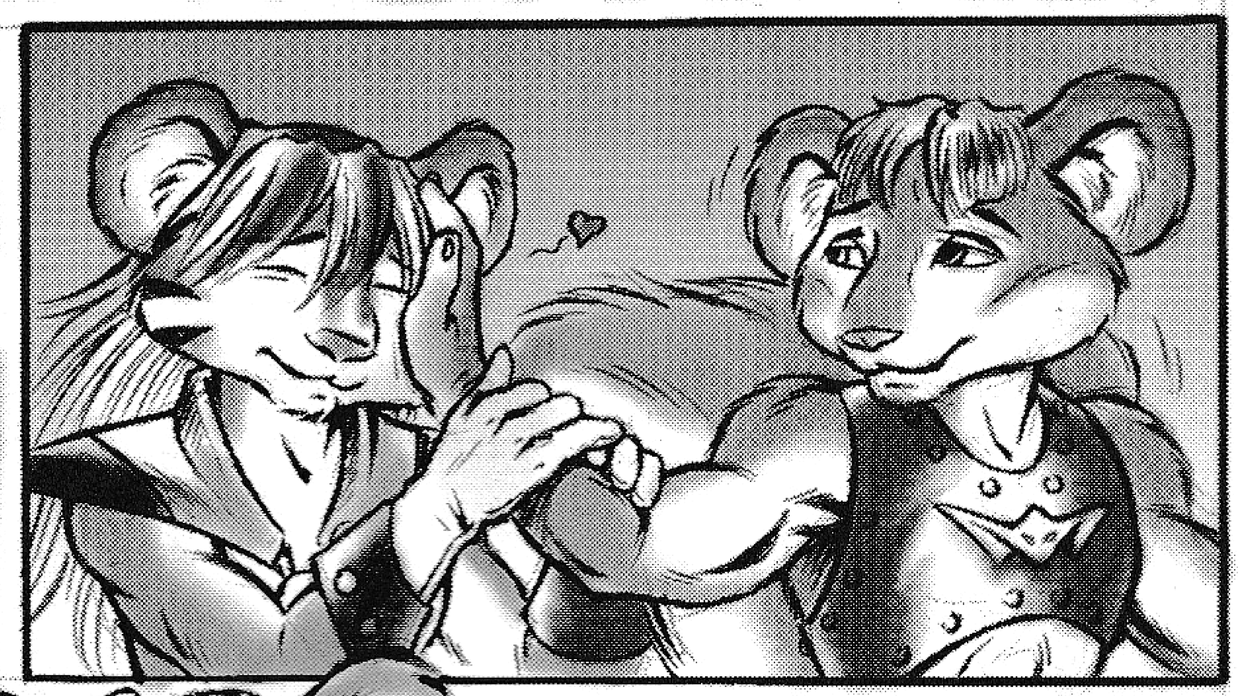

Art by WerePuppy

We can't take the risk. For all we know, the Canids have already fallen to Mink's forces and these ships could be working for HIM!

Aww, hell... This just keeps gettin' better!

You don't really think...

There's no way we can know for sure.

Buck, get us outta here!

Either we surrender and take our chances

...and take our chances.

or we make a run for it!

The way they're deployed, we'd get blown outta the sky before we got back to Alliance space!

There! The blockade is weakest there!

DEEPER into Canid Space???

It's our best chance!

If we survive this, I want a raise... hold onto your asses!

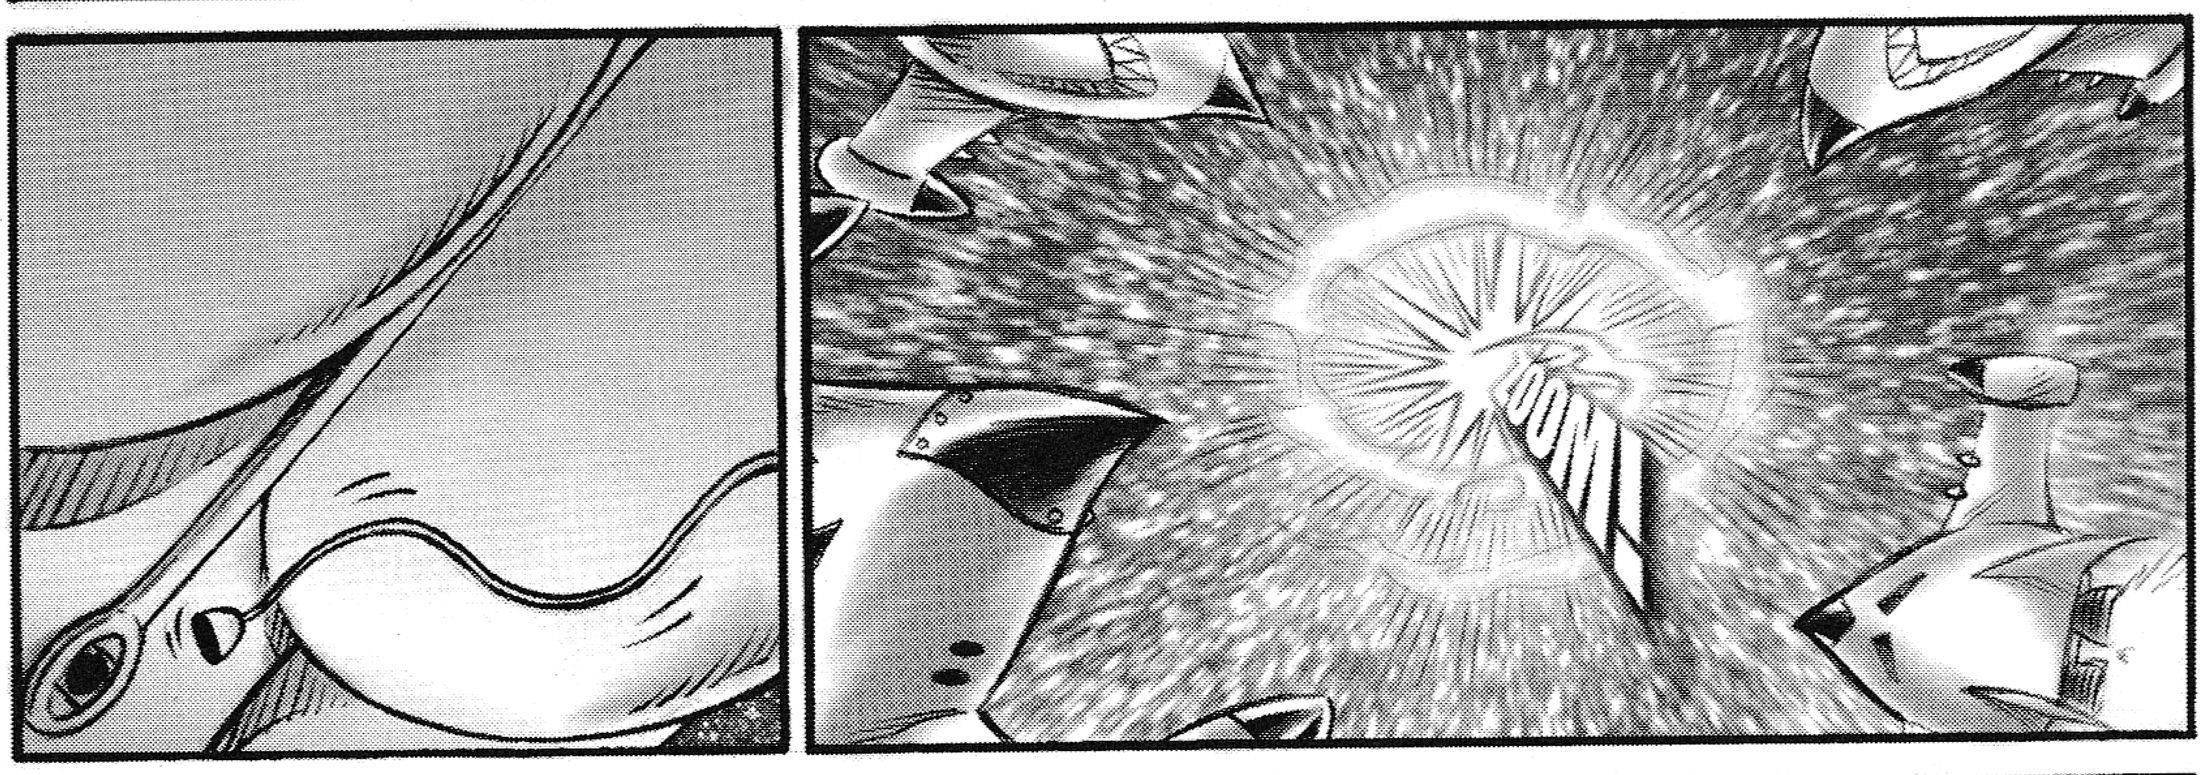

FWOOSH!

They're trying to get a fix on us with capture lines!
Evasive!
The Canid Captain is hailing!
Put him on.
Cut your engines or we WILL open fire!

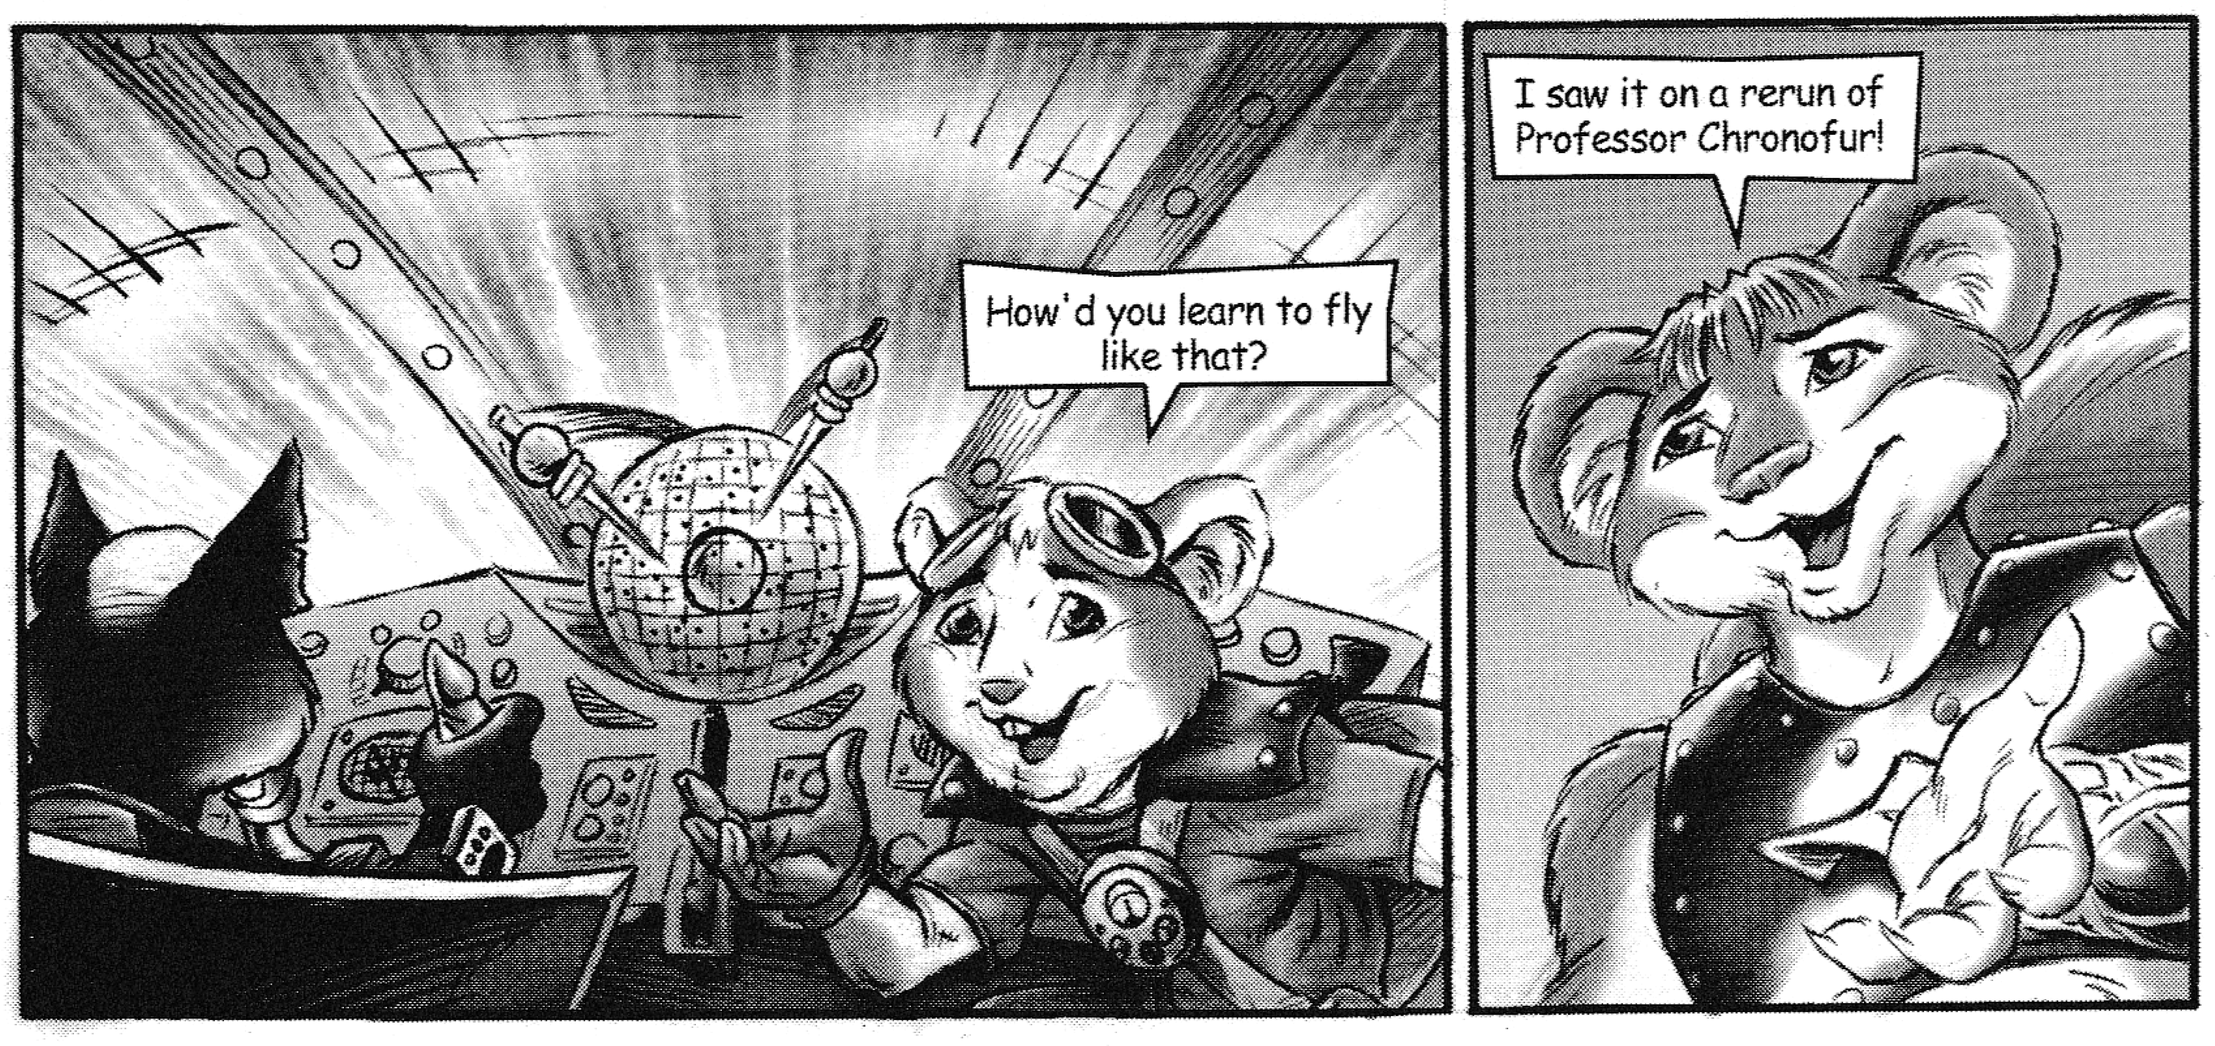

What exactly are we being charged with?
Don't play stupid! Tell us what you've done with Ambassador Redtail!
The Ambassador presented his information to the Alliance Council and is waiting aboard an Alliance cruiser until we make sure it's safe for him to return!
What the hell are you talking about?! We have irrefutable evidence that YOU kidnapped the Ambassador three weeks ago!!!
They're charging weapons!!!
We did NOT kidnap the Ambassador! We rescued him from...
THOOM
This is your final warning!
CRAP!

Anyone have an idea?
Yeah! I want a raise AND a vacation!
Buck, give me helm and weapons!
You've got 'em...
A capture line???
KLONK!
Everybody hang on!!!

BOOM!

Hot damn!
That was great flyin'!
Nova, get us out of here!
We need all the speed
you've got!
EEP!

How'd you learn to fly
like that?
I saw it on a rerun of
Professor Chronofur!

I vonder vhat zhey meant about us kidnapping zhe ambassador?

Do you really think they were working for Mink?

Whatever it is, it can't be good for us.

I don't know.

That's the whole problem. We don't KNOW anything.

How are we going to clear ourselves if we don't even know what crimes we're being charged with?

We need to find out fast!

Then let's ask an old friend!

Who?

C'mon... Who do we know in the Canid Republic?

I'll put the call through!

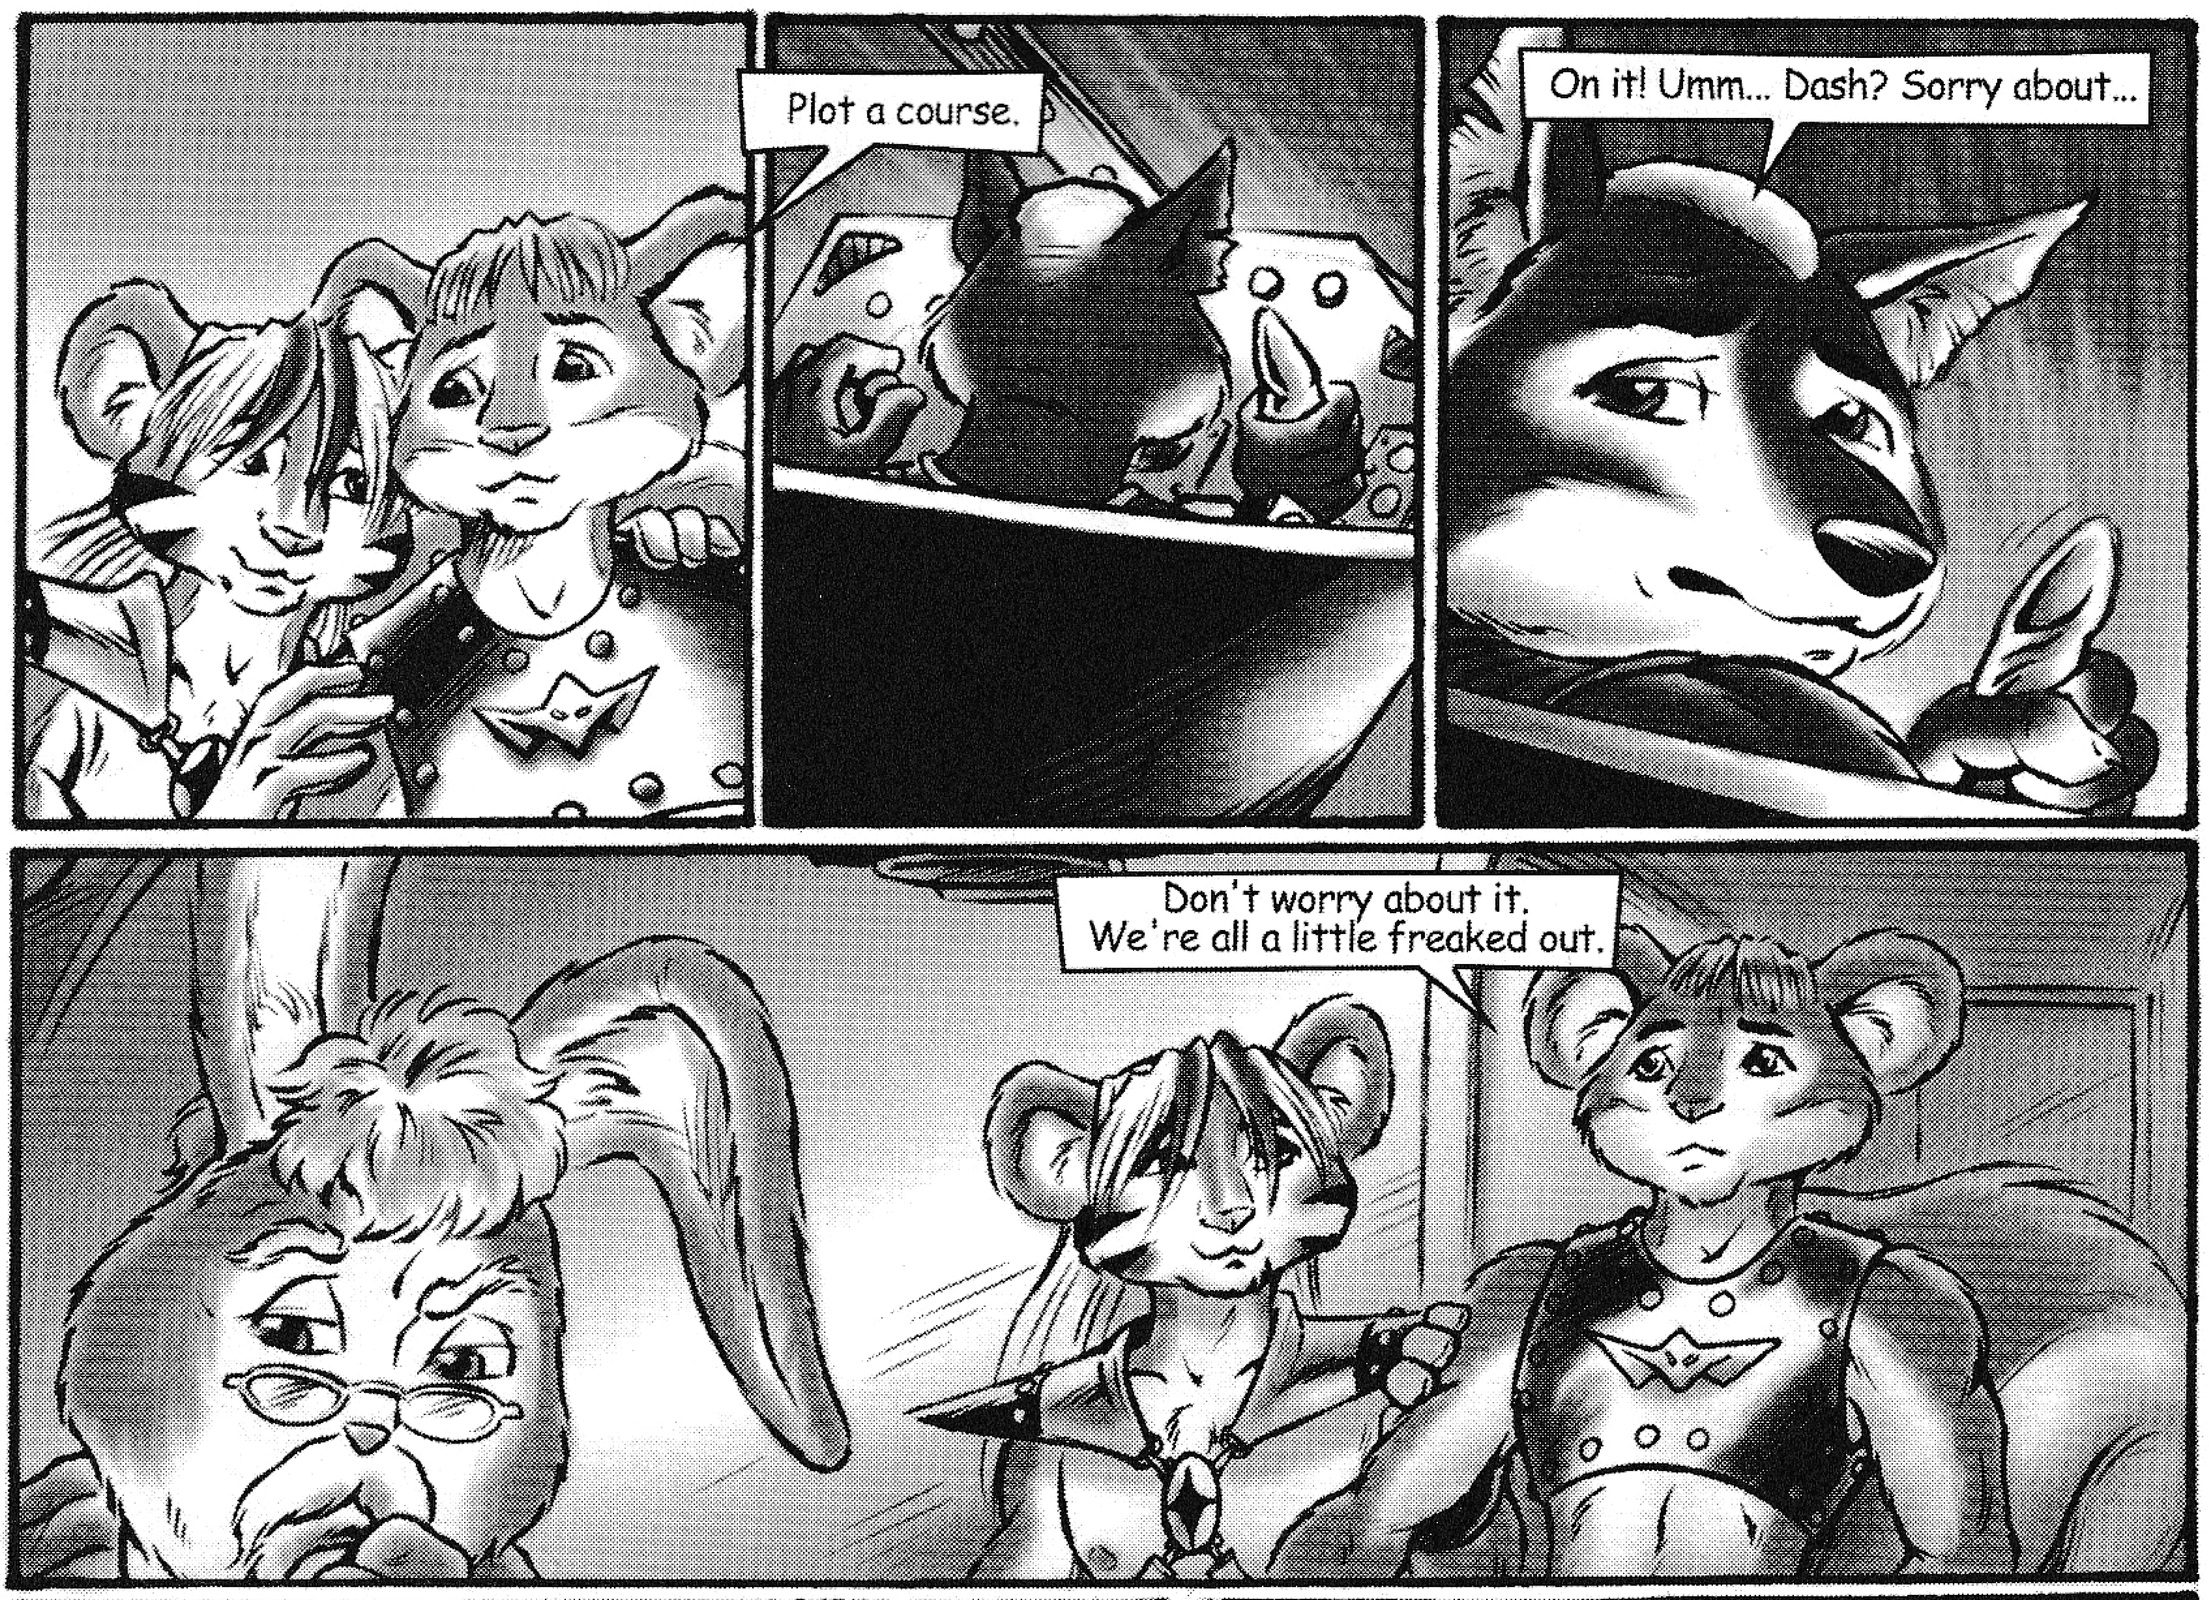

Who DO we know in the Cani.... oh!

Captain Pulsar???
Hi, Pepper.
Is your boss in?
What do you want with him?

What's THAT supposed to mean???
Tell him we need help.
I... I'll tell him.

What's goin' on with everyone???
Your attitude isn't helping matters!
Dash? What's happening??? We've been hearing such wild rumors!

Is there some way we can talk face to face?
We need alot of answers and you're the only one who can give them to us!
I...
Doc...
Please help us, Wylen. You're our only hope.
Meet us at these co-ordinates. We'll be there as soon as we can!

Plot a course.
On it! Umm... Dash? Sorry about...
Don't worry about it.
We're all a little freaked out.
Yeah! I wasn't expecting a heroes welcome or anything but...
Ja. Somezhing about zhis iz very puzzling. I just hope Dr. Ts'ruk can provide zhe answers!
He's never let us down yet, Roger.

The Merciless--Command Ship of General Ursus Wang

THAK!

OW

CRACK!

I'm sorry if I disturb your morning excersize, General Wang, but we have news from our scouts in quadrent 7 epsilon.

Pulsar has entered Canid space.

Contact the Emperor. I must report this immediately.

Yes, General!

...so we left the Ambassador and his crew with the Major and came to investigate whether it was safe for him to return.

That's when that patrol attacked us!

The news reports are saying you attacked them!

You have to understand, Dash. None of this makes sense! The reports I've seen say that you and your crew attacked the Ambassadorial shuttle and kidnapped Tycho while he was on a goodwill mission three weeks ago!

Impozzible! Three veeks ago ve vere rescuing a colony of dormice zhatvas being overrun by Mink's forces!

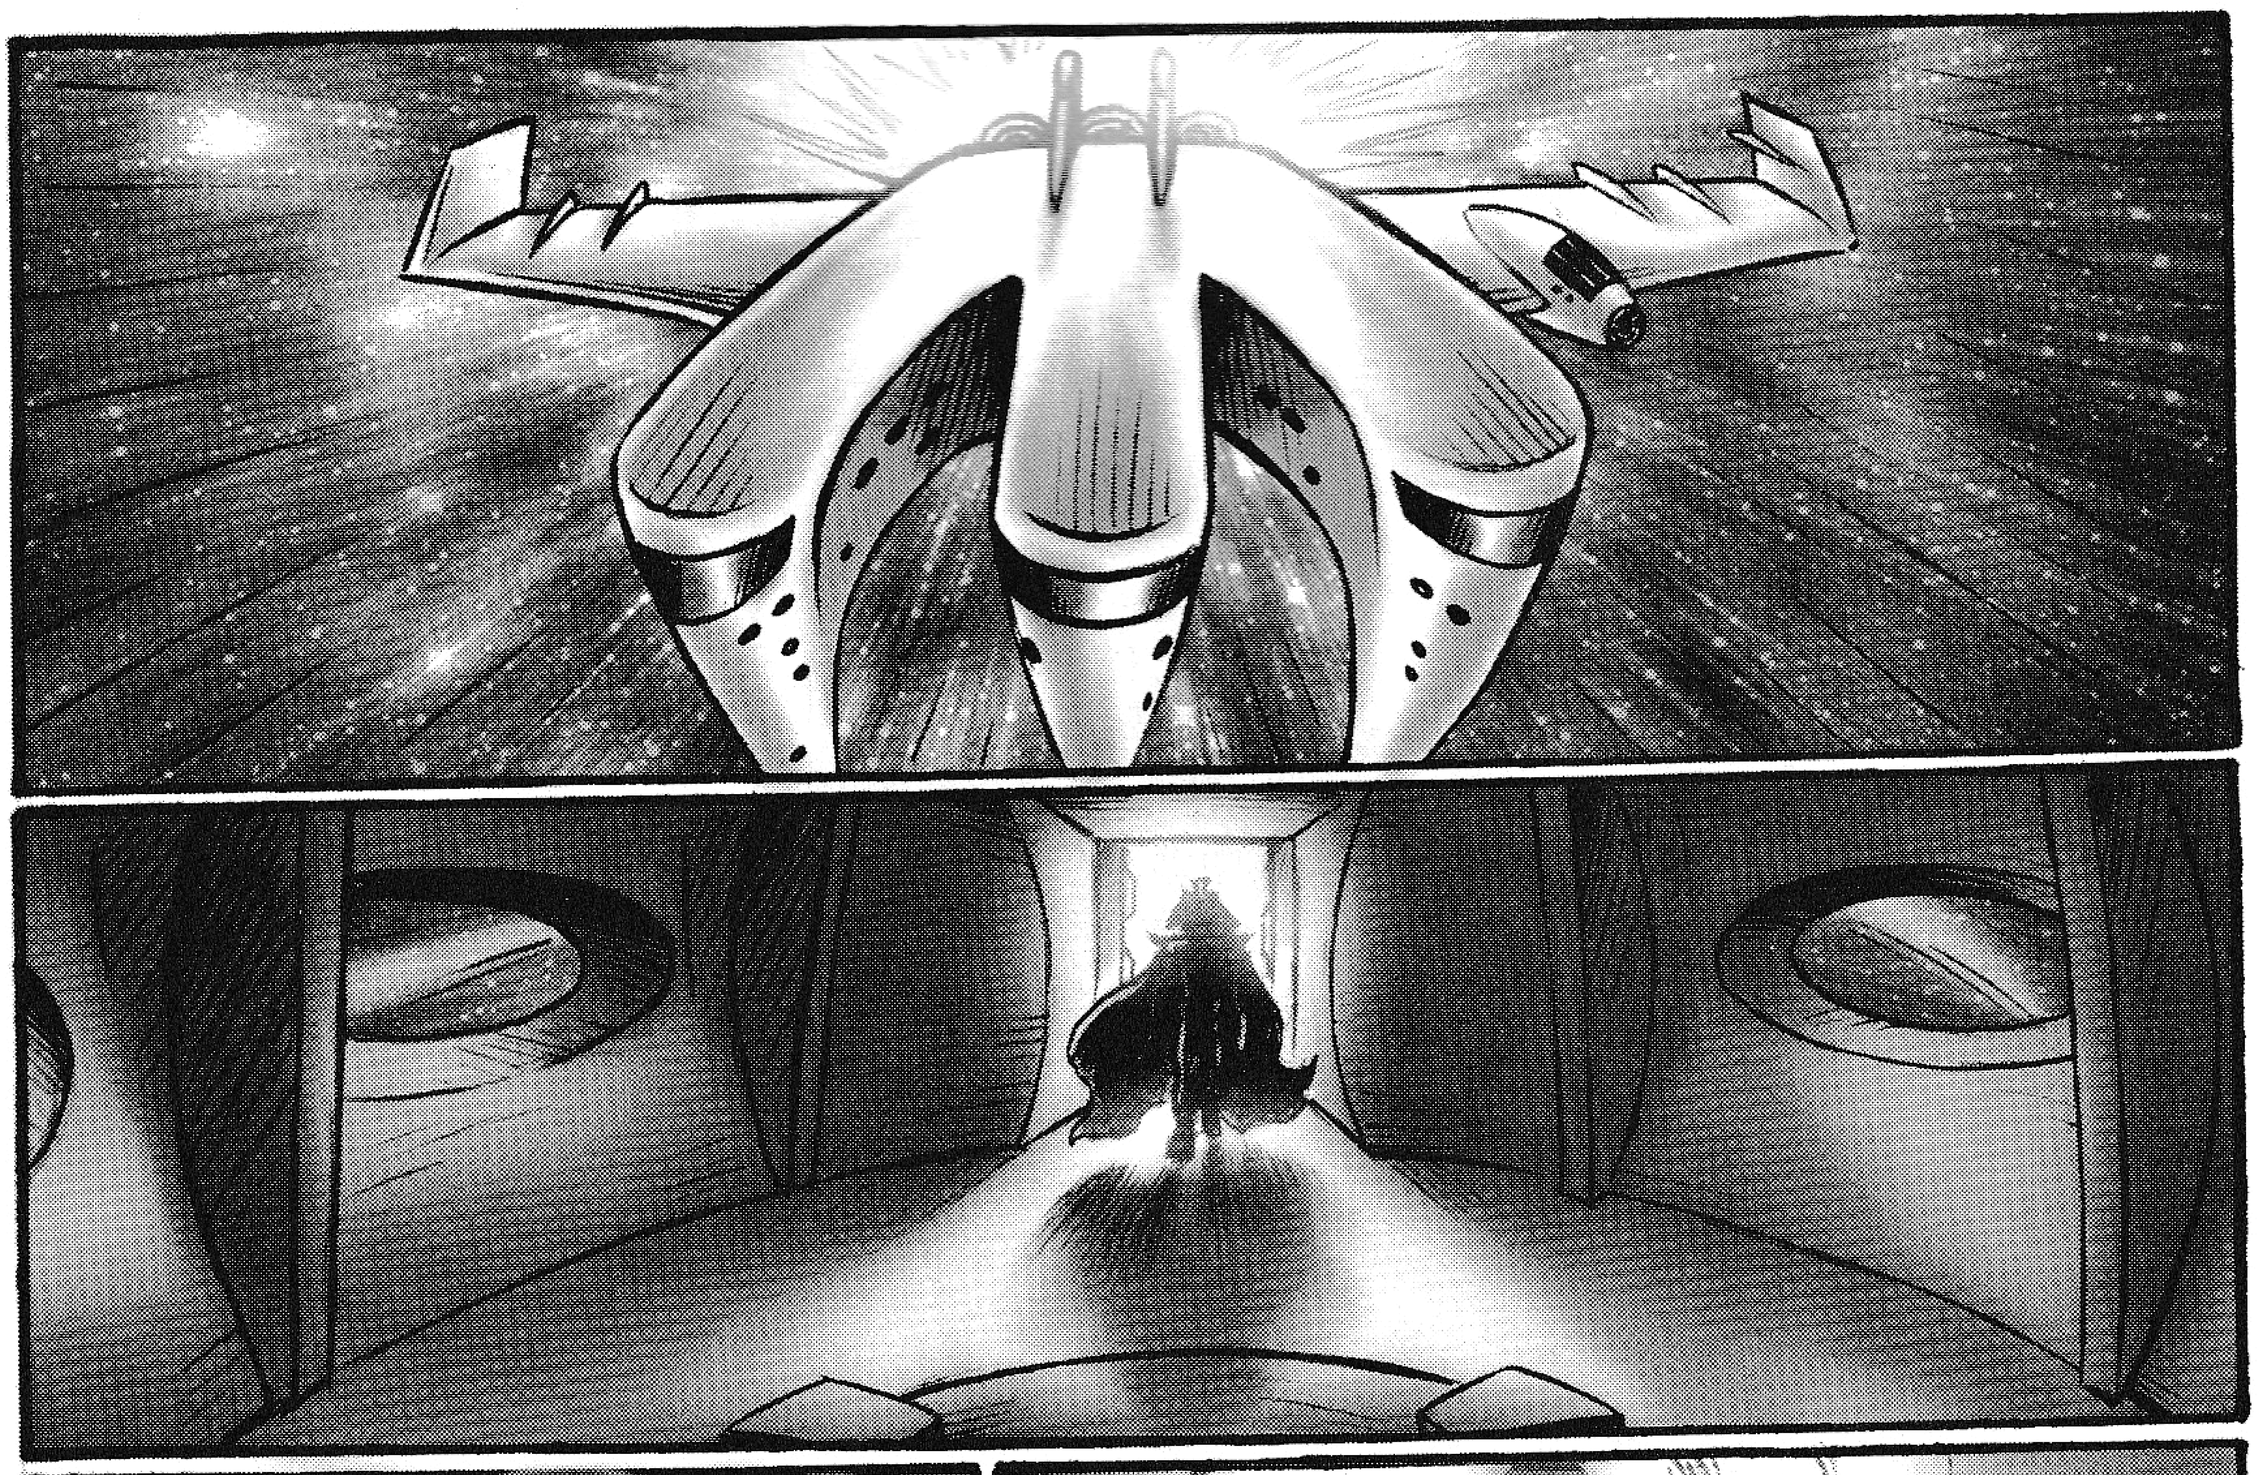

At the time, I thought it was odd that that squad of fighters would retreat so quickly... What if that attack was just a distraction? So they'd know where we were and keep us out of the way?

And that WAS just a couple of hours before we got the distress call from Ambassador Redtail's ship!

Hmm... a good theory! But, a theory is useless unless it can be proven to be true or false...

I have an idea. Why don't we ask the people who witnessed the kidnapping?

Who???
The Ambassador to Pridespace!
The feline ambassador?!
Tycho was escourting him on a tour of Republic space when they were attacked. He was supposed to be returning to Pridespace, but we can probably catch up if we hurry!
Ze Canid Fleet iz undoubtedly zearching for us. How vill ve avoid zhem?
Leave it to me! I've got a plan...

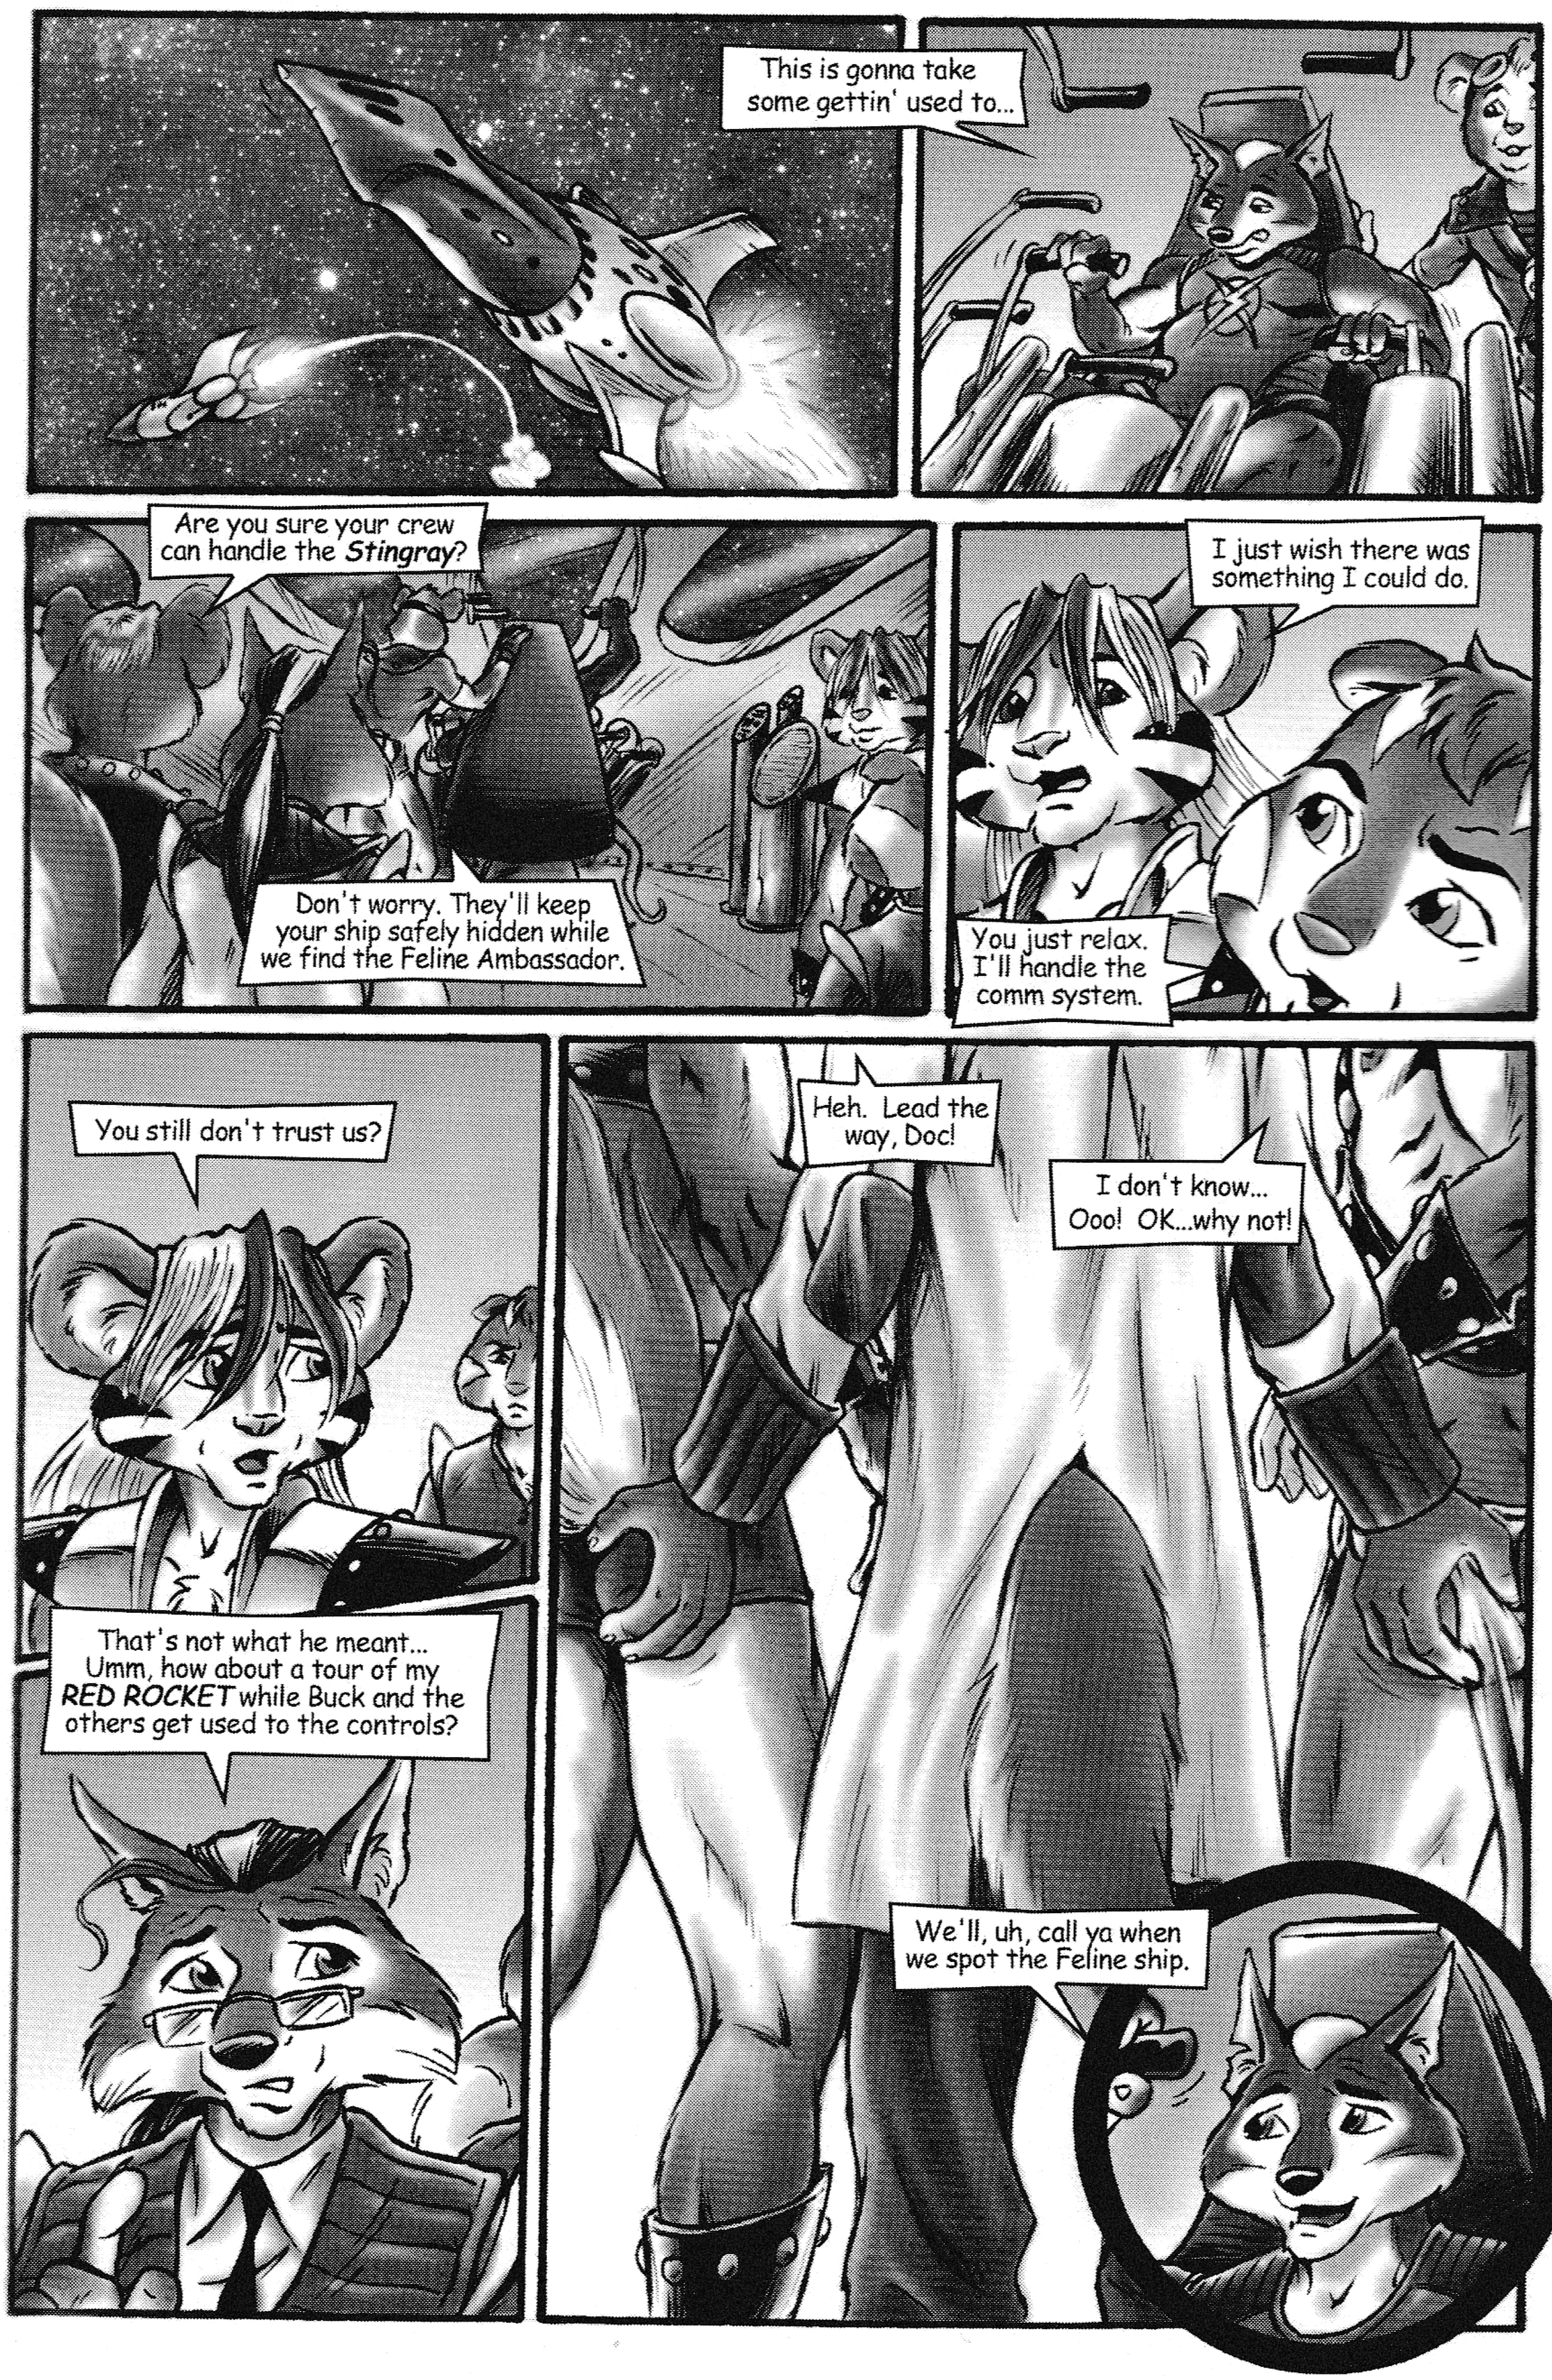

Master?
What is it General? I trust you have reason for disobeying my order to maintain a communications blackout?

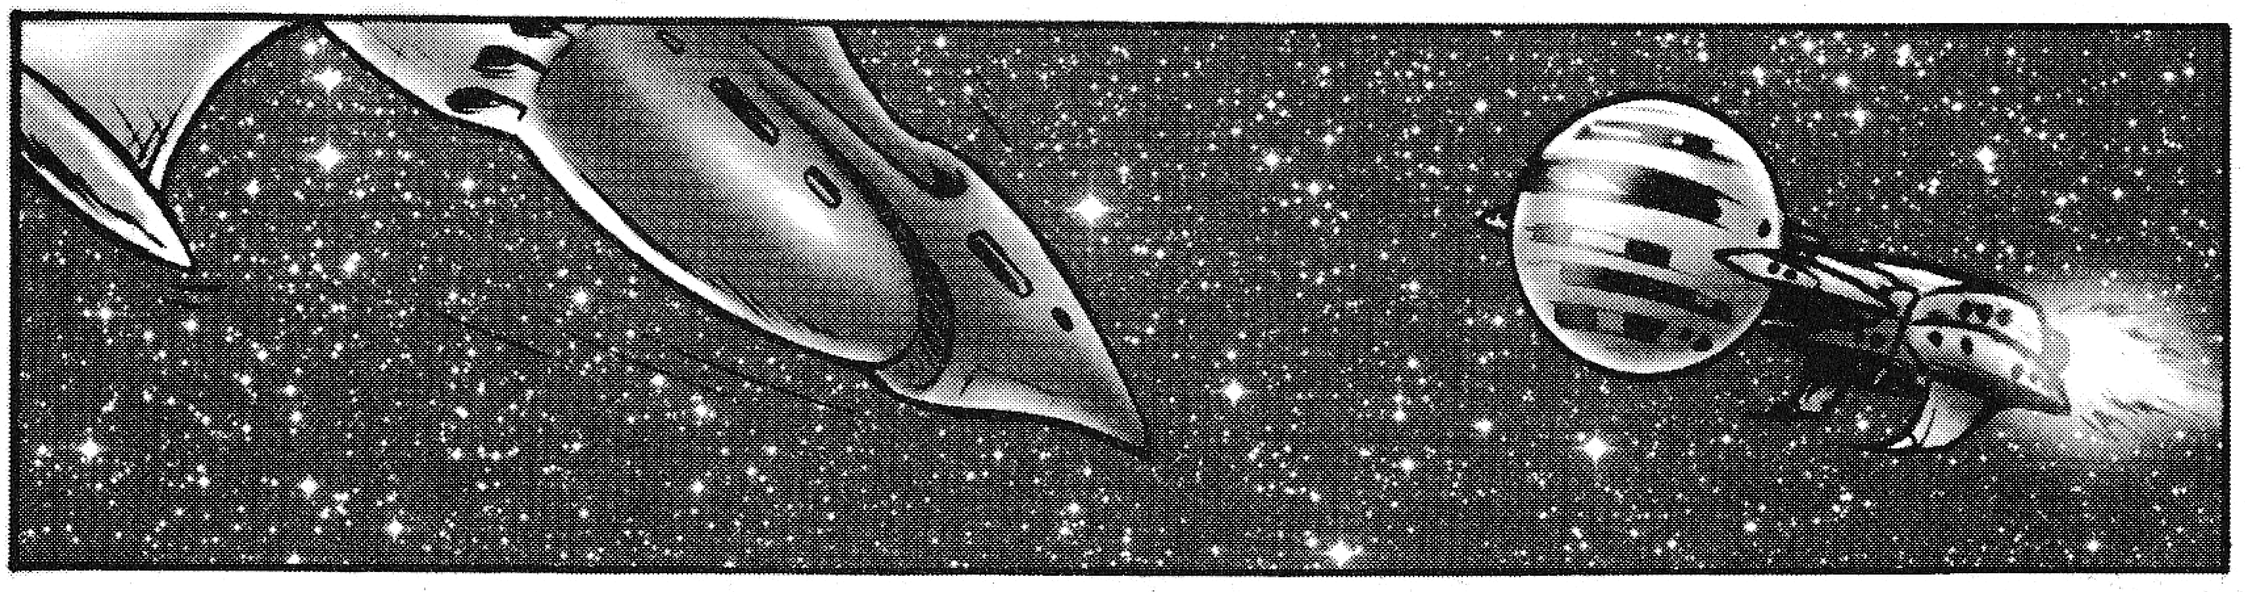

Our scouts report that Pulsar has entered Canid space.

Has he? Hmm... he was not supposed to make it this far so quickly. Find him, General. You will destroy him before he can interfere in our plans.

Yes, my master!

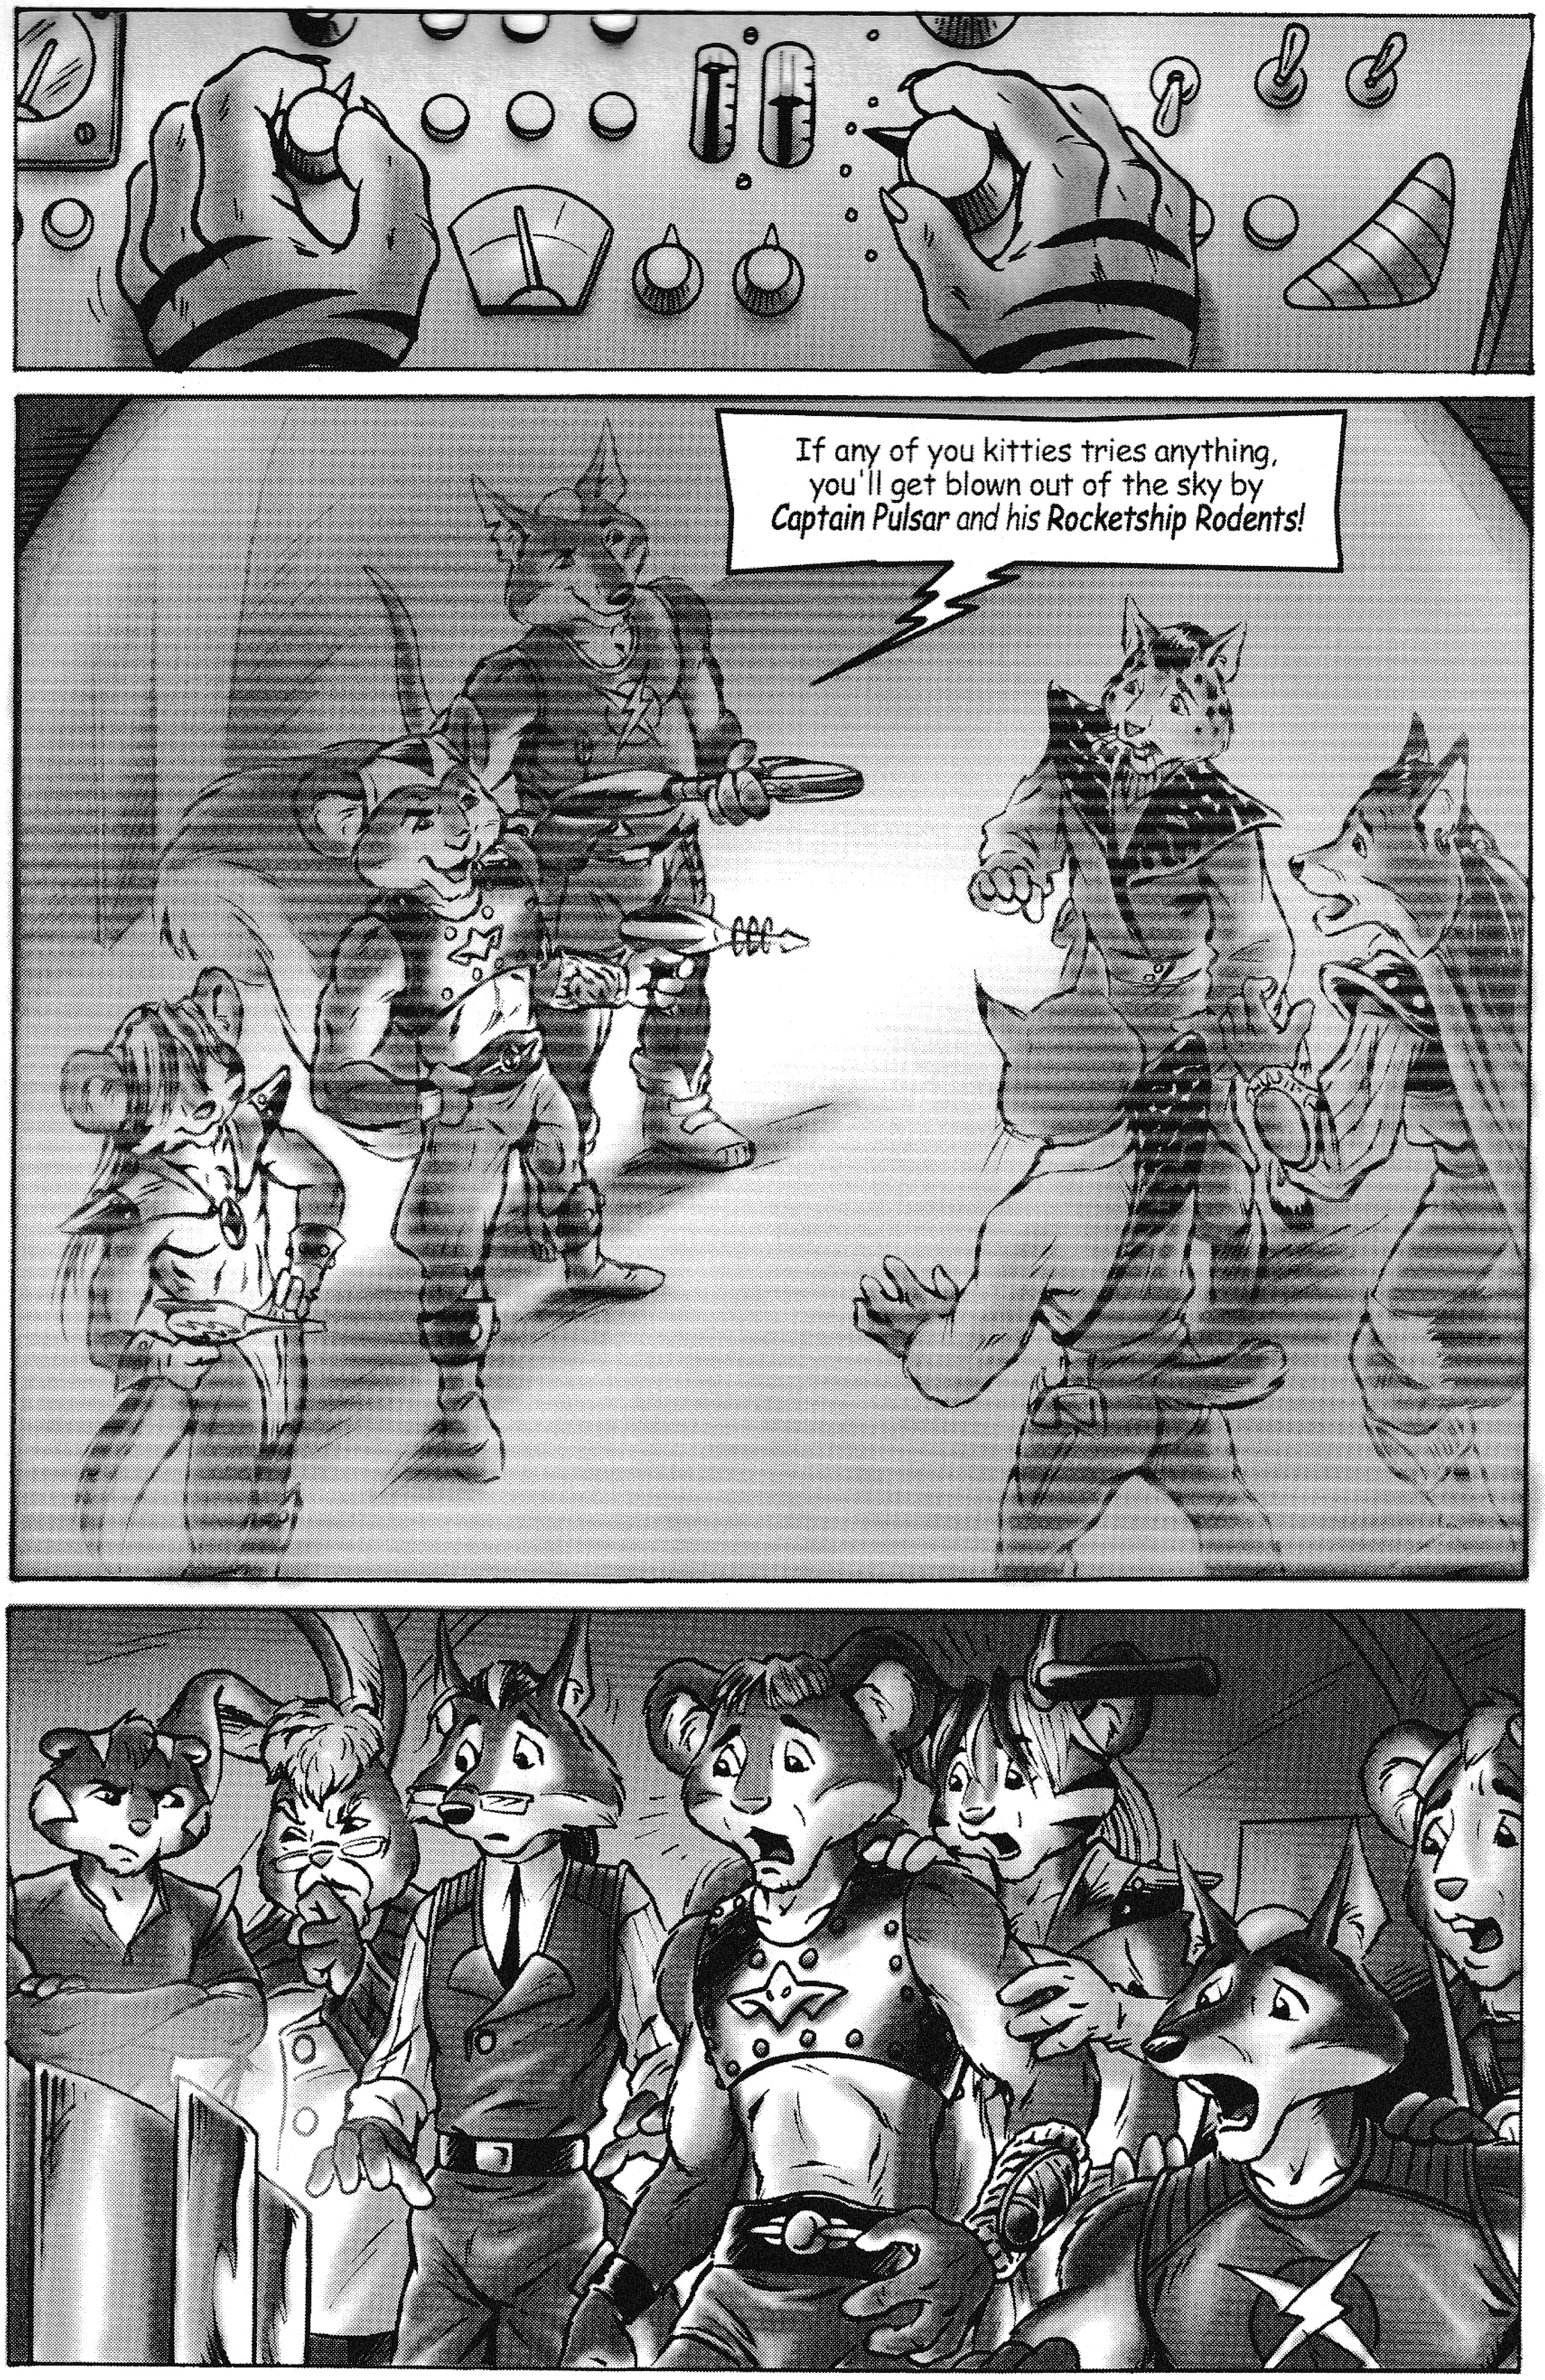

This is gonna take some gettin' used to...
Are you sure your crew can handle the *Stingray*?
Don't worry. They'll keep your ship safely hidden while we find the Feline Ambassador.
I just wish there was something I could do.
You just relax. I'll handle the comm system.
You still don't trust us?
That's not what he meant... Umm, how about a tour of my *RED ROCKET* while Buck and the others get used to the controls?
Heh. Lead the way, Doc!
I don't know... Ooo! OK...why not!
We'll, uh, call ya when we spot the Feline ship.

But he knows us! He KNOWS we'd never do anything like what he said...
Just give Pepper some room, Kid. There's so many stories goin' around he doesn't know what to think.
There's a ship at the very edge of sensor range! It looks like we found the Feline Ship!
You'd better call the Captain!

We're in luck. There aren't any Canid ships flying escort.
Must've decided on tryin' to sneak 'em back to Pridespace.
Pepper, open a channel.

This is Ambassador Holden Cox of Pridespace. How may I assist you?
I'm Dr. Wylen Ts'ruk from Yeager Industries.
I wanted to ask you about the attack you suffered a few weeks ago.
The Ambassador has already made all of the statements he needs to your officials. We have no time...
Are you a friend of Ambassador Redtail's?
Yes. And I'm also a friend of Captain Pulsar.
PULSAR??? Get the hell out of...
I'm afraid that if you are hoping for some indication that Pulsar is innocent, I shall have to disappoint you.
You are positive then, that it WAS Captain Pulsar who abducted Ambassador Redtail?
Toney, Would you please play the security footage of the attack for the good doctor?

Oh, THERE you are, Wylen.

Oh NO! Not Prof. Ivan A. Taiwityu!

My father almost let you run out without the REST of the formsyou'll need to file before tomorrow's judging!

It'd be such a SHAME if you were disqualified!

Don't Worry about ME, Ivan! You should worry about the look of disappointment on your daddy's face when I beat you tomorrow!

That's what I've always liked about you, Wylen! You can always make me laugh!

HA HA HA

Oooh! I can't STAND him!

Ok... You're right... But That's not the point! You've got to beat him in the contest tomorrow!

Yes!

CLANG.!

CLAP.

CLAP.

CLAP.

Well... we've seen some very interesting inventions today!

Some with obvious applications...

...while others are of questionable worth in the real world.

I am here today to unveil my newest invention!

I am pleased to present ***"Uber-Lube"***: The slipperiest substance in the universe!

Just imagine the applications! Why a bottle this size can lubricate the engines of a FLEET of rockets for an entire YEAR!

Oh REALLY? I find that hard to believe!!!

Would you like a demonstration?

I *insist* on one!!

SLIP!

There you are! One simple drop can negate ALL friction within a 10 meter radius!!!

Thank You!
How long until this stuff wears off, Doc?
Not for a full year, I'm afraid!
A YEAR?? What are we supposed to do 'til then?
It'd be a shame to let all this lube go to waste! We'll just have to use it all up!

DOC TS'RUK DISCOVERS THE POSSIBILITIES OF "PORTALS"

Submission Guidelines

Spooo Presents is an anthology series focusing on anthropomorphic adult tales. Ideally, submissions will be part of a serial spanning multiple issues. Full 32 page books are preferred.

Originally designed as a way to get multiple books distributed through major comics distribution companies, *Spooo Presents* prides itself on using only the best artists and writers available. Editors require a professional presentation of work, an adherence to guidelines, and an ability to meet deadlines. Professional work nets professional results.

Themes: While stories to date have mostly contained male homosexual situations, all relationships are welcome. This includes heterosexual, lesbian, bisexual, and transgendered characters. All stories should be adult in nature. Extreme violence and depictions of gore are not acceptable. *Spooo Presents* strictly prints anthropomorphic comics. Humans and fantasy characters are acceptable but should not be the overwhelming content of stories. Stories containing transformation and "funny animal" styles are acceptable.

Artists and Authors: We will not match artists with authors and vice versa. Stories must have never been published before in any medium (including posted to the internet) and remain exclusive to "Spooo Presents."

Scripts and Dialog: We use the Gregg Reference Manual to resolve issues of style and grammar. While dialog may not fit into standard grammatical usage, the editors reserve the right to correct misuse of grammar and spelling.

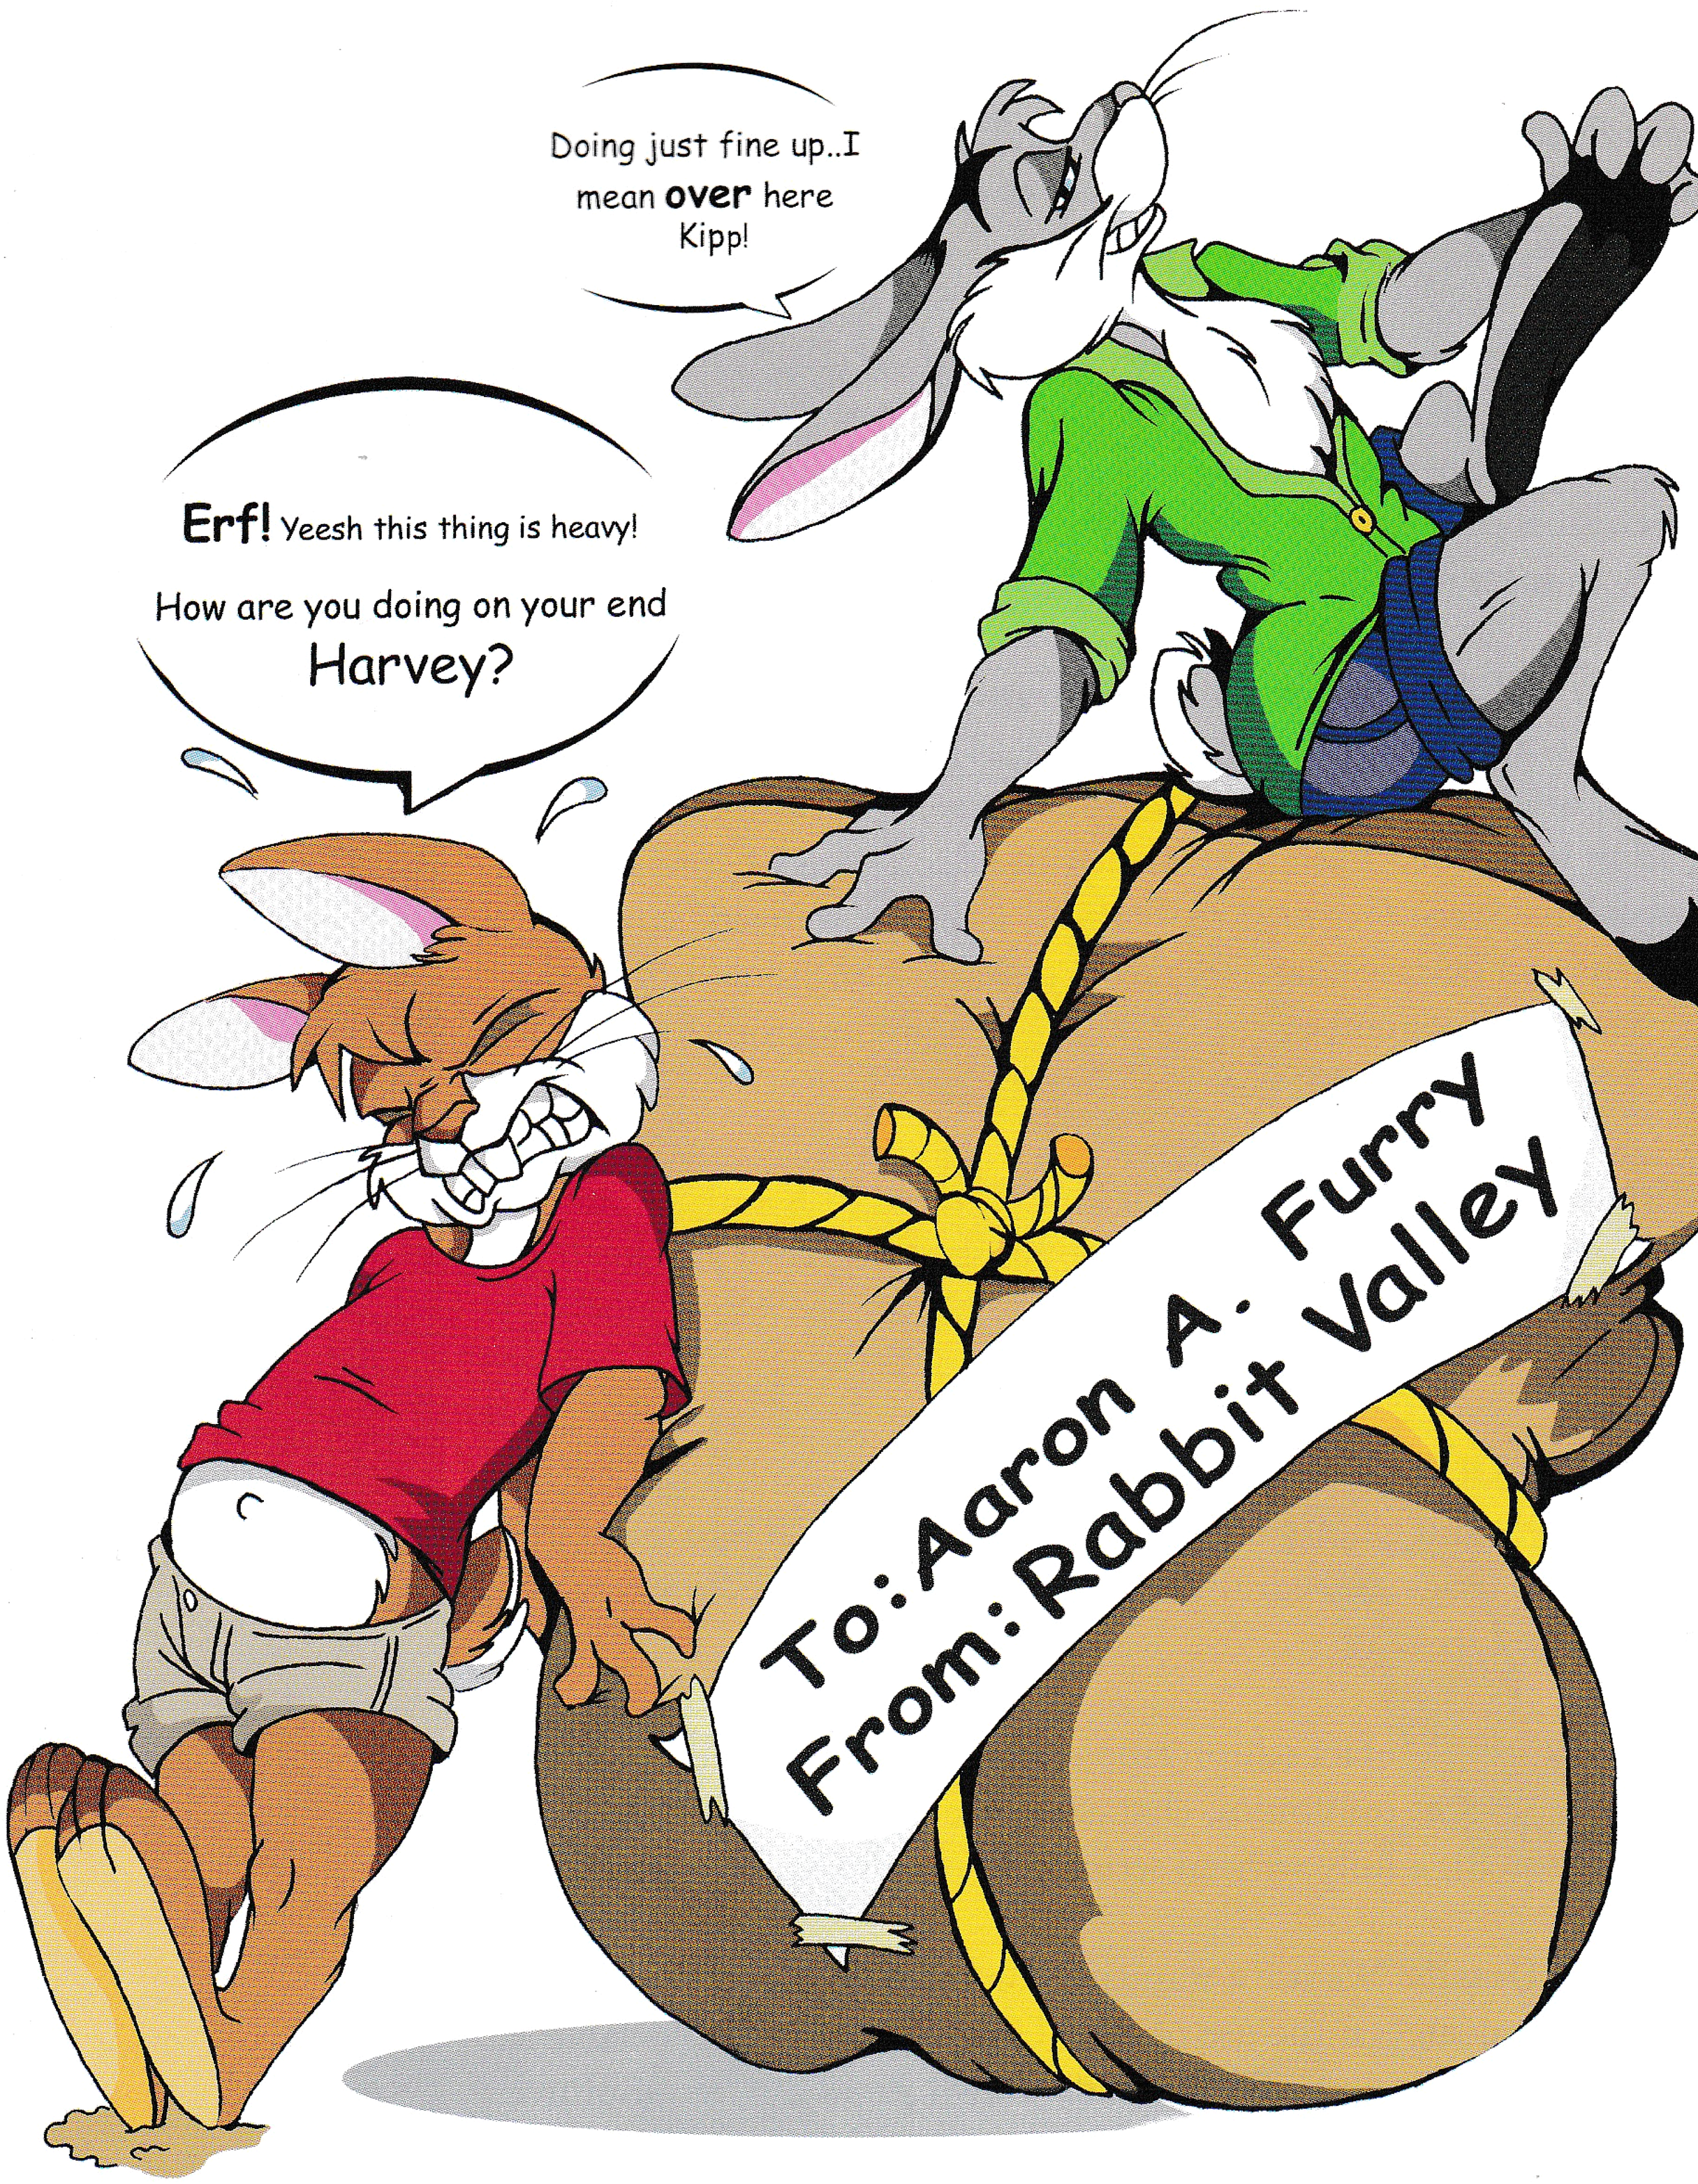

How to Start: Contact editor@spooo.com first. New submissions should contain, at minimum, character sheets of all major characters (color optional), a fully written script, and rough layouts of the comic.

Technical Details: We use a standard comic book page ratio of 6.625" x 10.250" and suggest the use of Blue Line Comic Pages (available at Rabbit Valley® Comics). Traditionally drawn pages can be submitted for scanning by the publisher. Digital submissions are also welcome. Files must be at least 300DPI and presented in a lossless file format like Adobe Photoshop, TIFF, or Adobe Illustrator format. JPEG, PNG, and GIF files are unacceptable. Files must be in Greyscale or CMYK format. Stories of 16 pages or more should be prepared to provide a full color cover.

For **More Information:** Visit our web site at http://www.spooo.com for full guidelines, upcoming issues, and more!
